Dear Ian,

RE: Warning for Non-Compliance with Condition 14 of Environmental Assessment Certificate # E15-02, Community Services and Infrastructure Management Plan

On September 11, 2024, Senior Compliance and Enforcement Officer Christie Lombardi conducted an administrative inspection (Inspection) of the Woodfibre LNG Project (Project) against the requirements of the Environmental Assessment Certificate #E15-02 (Certificate). Based on the review of information obtained during the Inspection, it was determined that the Certificate Holder, Woodfibre LNG General Partner Inc. (the Holder) is not compliant with Condition 14 of Schedule B of the Certificate.

Condition 14 requires the Holder to provide accessible information about tenders, procurement requirements and bidding procedures through a project website.

The inspection findings are documented in Inspection Record WOOLNG_20240048_IR001.

The Holder is hereby **WARNED** that the Project is not compliant with Condition 14 of the Certificate. The maximum penalty for failure to comply with an Environmental Assessment Certificate is \$1 000 000 and, on each subsequent conviction, fine of not more than \$2 000 000.

The Environmental Assessment Office Compliance and Enforcement Branch will continue to monitor this issue and may follow-up with further inspections as required. Future or continuing non-compliance may result in additional enforcement action as warranted.
