On May 24, 2024, Senior Compliance and Enforcement Officer Kyle Rice commenced an inspection (Inspection) of the Woodfibre LNG Project (Project) against the requirements of the Environmental Assessment Certificate #E15-02 (Certificate). Based on the review of information obtained during the Inspection, it was determined that the Certificate Holder, Woodfibre LNG General Partner Inc. (the Holder) is not compliant with Condition 16 of Schedule B of the Certificate.

Condition 16 requires the Holder to transport workers, materials and equipment to the Project by primary and secondary access routes as described in the Construction Marine Transport Management and Monitoring Plan.

The inspection findings are documented in Inspection Record WOOLNG_20240020_IR001.

The Holder is hereby **WARNED** that the Project is not compliant with Condition 16 of the Certificate. The maximum penalty for failure to comply with an Environmental Assessment Certificate is \$1 000 000 and, on each subsequent conviction, fine of not more than \$2 000 000.
